We asked the experts to recommend the best books for an investing novice. Here are five of them.

- *Financial Literacy 101: Where to Begin*, by Andrea Coombes

We asked the experts to recommend the best books for an investing novice. Here are five of them.

1. **A Random Walk Down Wall Street** by Burton Malkiel
   - Discusses the efficient market hypothesis and advocates for passive index investing.

2. **The Intelligent Investor** by Benjamin Graham
   - Offers timeless advice on security analysis and investor behavior.

3. **The New Money Masters** by William J. Bernstein
   - Provides a comprehensive guide to investing, including topics like risk management and alternative investments.

4. **Winning the Loser's Game** by Charles Ellis
   - Focuses on goal-based investing and the importance of setting clear investment objectives.

5. **The Simple Truth About Money** by Daniel Goodman
   - Emphasizes the importance of understanding and managing personal finances effectively.

These books are highly regarded in the investing community and provide valuable insights for beginners and seasoned investors alike.
